

Index

(page numbers in italic type refer to illustrations)

A

absolute return 15, 24, 46
GTAA products 46–8, 47, 124
active asset management, goal of 3
advice products 52–3
alpha drag 80, 83–4
alpha, explained 30
alpha generation 58–64, 118
alpha sources, combining 65–6
American Stock Exchange 24
asset class return comparison 4
assets under management (AUM)
12, 36, 42

B

balanced mandates 14, 29, 34, 34,
48, 49
defined 49
see also mix funds
benchmark drift and 91, 91, 92
beta, explained 30
Black–Litterman 57, 67, 71–4, 80
as development of Markowitz 71

C

case studies 133–9
Citigroup Euro Government Bond
index 45
collateralised debt obligations
(CDOs) 19
committee-based view generation
62–4

commodities 5, 22, 24, 36
high returns from 4
in strategic mix 15
sustained trends experienced by 4
credit default swaps (CDSs) 19, 29
see also swaps

D

DAX 6–7, 7, 22
dealing methods in portfolio
implementation 81–3
business-day, pre-determined
timing 82
dealing with discretion 82
instant execution 81–2
derivatives 37, 54
of balanced mandates 49
exotic 20
drivers, quantitative versus
qualitative 127–8

E

emerging market bonds 4, 5, 22, 25,
136
regional 45
emerging market equities 4, 5, 15,
36, 62
equitisation 42–4, 43
equity market crash 15
Eurodollar:
contracts 21
rate 23

Eurostoxx 21, 45
exchange-traded funds (ETFs) 12,
18, 19, 22, 24–5, 33, 66
first 24
index funds and 25
leveraged 25
swap-based 27
wide range of 25

F

Federal Reserve 19
foreign exchange (FX) forward
contracts 27
Fouse, William 14
FTSE 19, 21, 23, 35, 44, 45, 85
funds versus segregated mandates
55–6
futures 33, 66
in active asset allocation 23
market, rise of 17
used by overlay products 35

G

Gilts 21
global bonds 4, 5, 17
global equities 4, 9, 12, 17, 70, 92,
93, 94, 120, 136, 139
active directional views on 90
property's correlations with 9
in simple portfolio 118
global fixed income securities, fall
in 4

- Global Investment Performance Standards 93, 94
- global tactical asset allocation (GTAA):
- absolute-return products of 46–8, 47, 124
 - advanced techniques of 12
 - advice products and 52–3
 - advisory products and 125
 - balanced mandates and 124–5
 - basic “trick” of 19
 - broadening scope of 63
